

**EDUARDO
GÓMEZ**

ARCHITECT

WITH BIOCLIMATIC DESIGN SPECIALITY
I.D.: 11543469

PROFILE

Architect with Bioclimatic Design speciality of Engineering Faculty at Universidad Autónoma de Querétaro (UAQ).

During his studies, He has showed interest about projects with organic shapes for it's enviroment adaptation and it's beauty to the human eye. This his principal motivation to use architecture as nature protector using alternative materials and natural characteristics of the context where projects will be built.

Also has artistic formation in drawing & painting; and recently photography, screen printing and ceramics.
